## Why Pet Insurance

- 1 As a pet parent, you know how expensive vet visits can be.
- 2 It's a financial safety net in case of accidents, injuries, illnesses, chronic conditions...
- 3 Pet insurance reimburses you up to 90% of those vet bills.
- 4 Spot plans offer thousands in coverage for less than a cup of coffee per day.

"I received payment for my first claim. It was super easy to submit. Very happy with my coverage and glad I have a custom plan. Will definitely recommend this company. Very pleased so far."

- Bailey Taylor

"It was easy to sign up and whenever my pup is back at my vet, the few questions I had left were explained by the nice young lady who answered the phone. I would say SPOT is the 'spot on' coverage for pet's needs."

- Jack Wells

"It was very easy. I've been going to get insurance but after comparing companies I started to get a little overwhelmed. Once I saw on IG that Cesar Milan had partnered with Spot I knew this was the best fit for my fur baby Ginger and I appreciated the understanding that I want to care for her overall health so she can have a long and healthy life and I believe this insurance is just the assistance I have been looking for."

- Kristle Goudou

"It was a very easy and pleasant process to enroll my doggie Connor in Spot Pet Insurance. As soon as a claim is processed I will be able to review further."

- Irma Gonzalez

## What is Covered for Your Dog or Cat?

### Accidents

Spot On Coverage takes care of costs for injuries and emergencies related to your pets accidents, like bite wounds, cuts, broken bones, lodged foreign objects, and toxic ingestions.

### Hereditary Conditions

Spot On Coverage takes care of costs for injuries and emergencies related to your pets accidents, like bite wounds, cuts, broken bones, lodged foreign objects, and toxic ingestions.

### Illnesses

With your Spot On Coverage, you'll be reimbursed for the costs of major and minor illnesses, such as cancer, arthritis, hypothyroidism, digestive problems, and UTIs.

### Behavioral Issues

Spot On Coverage takes care of costs for injuries and emergencies related to your pets accidents, like bite wounds, cuts, broken bones, lodged foreign objects, and toxic ingestions.

## Wait...there is more!

### Alternative Therapies

There are all sorts of alternative therapies now available for pets, such as acupuncture, physiotherapy, chiropractic care, rehabilitative therapy, hydrotherapy, and low-level laser therapy. Spot On Coverage can reimburse you for alternative therapies your pet might need to treat a covered condition.

### Chronic Conditions

These are conditions that need care across multiple plan periods, such as allergies, diabetes, and cancer. With Spot On Coverage, you don't have to worry about a condition becoming ineligible for coverage just because it is ongoing.
